

PRE-ARTHROPLASTY RECORD SHEET FOR SKIN DECOLONISATION

Patient details (affix label)

Please tick to record that treatment has been completed:

	Date					
		Day 1	Day 2	Day 3	Day 4	Day 5
Octenisan wash lotion for daily bath/shower for 5 days	Once daily	Body	Body and Hair	Body	Body and Hair	Body
Wash hair with Octenisan wash lotion on Days 2 and 4	Day 2 and 4					
Apply Octenisan nasal gel (TWICE daily for 5 days)	Breakfast					
	Bedtime					

How to use the Octenisan wash lotion: Wet body and or hair. Apply Octenisan wash lotion undiluted onto a clean, damp washcloth. Apply Octenisan wash lotion all over body and hair (see table), focusing on the armpits, groin and navel. Leave the wash on for 1 minute. Rinse off thoroughly, and dry with a clean towel. Put on clean clothing and bedding.

How to use the Octenisan nasal gel: Wash and dry your hands before applying the nasal gel. Place a small amount of the gel about the size of a match-head on your little finger and apply to the inside of one nostril and repeat for the other nostril TWICE daily for 5 days. Pinch the nostrils lightly together after applying the nasal gel to help spread it. Wash and dry your hands after applying the gel.
