

Training Record

The trainee has been trained on the following topics for the Nova StatStrip® Meter

Topics Covered	Yes	No
• Meter Overview		
• Docking Station overview and docking procedure		
• Understanding the meter measuring strips		
• Correct patient sampling, finger prick technique, cleaning site		
• Contraindications to performing testing		
• Perform a 'fake' patient test		
• Why operator ID barcodes should not be shared		
• Viewing result, adding comments if required		
• Accepting or rejecting results		
• Action required for unexpected or abnormal results		
• Analyzing high risk/barrier nursed samples		
• Internal Quality and External control samples, the purpose and procedure		
• Recall and review on-board test data		
• Know how to access / use Quick Guide		
• Replacing battery		
• How to handle consumables		
• General Housekeeping for meter and workstation		

Questionnaire		
1.	<i>What is the normal reference range for an adult glucose?</i>	
	a) 4 – 12 mmol/L	
	b) 0 – 10 mmol/L	
	c) 2 – 6 mmol/L	
2.	<i>Before carrying out a patient test, the QC must have been performed within...</i>	
	a) 24 hours	
	b) The last week	
	c) 12 hours	

Training Record

3.	<i>What is deemed 'correct Patient ID'?</i>	
	a) Scanning patient notes or patient wristband	
	b) Scanning YOUR operator ID or the test strip pot	
	c) Scanning patient wristband or typing in the 7 digit hospital number	
4.	<i>What is considered a normal ketone result for an adult?</i>	
	a) 3.0 mmol/L	
	b) 1.5 mmol/L	
	c) <0.6 mmol/L	
5.	<i>What is the correct procedure when using an 'emergency barcode'?</i>	
	a) Discard the barcode with the general waste	
	b) Complete the patient details fully on the form and return to the POCT team	
	c) Return the barcode to the accessory box	
6.	<i>Who do you contact for clinical advice?</i>	
	a) POCT team	
	b) Diabetes Specialist Nurse Team	
	c) Never a need for clinical advice	

Competency Assessment

QC Solution	Glucose Result	Pass/Fail
Level 1		
Level 3		

I confirm that I have attended the course in full.

I am satisfied that the training provided covered all topics detailed above.
